APPLICATION FOR MEMBERSHIP

IN PIG CLUB

I hereby make application for membership in the Pig Club, being organized by the State National Bank.

Payments not smaller than \$5.00 may be made at any time.

I agree to exhibit my gilt at the Germantown Fair in August, 1923, when a number of cash prizes will be given by the bank and other interested parties.

I agree to breed my gilt at the proper time and only to the register boar of the same breed furnished my district by the Club.

I agree to give the Club the first opportunity to buy the pigs raised from my gilt so that other boys and girls may have an opportunity to secure the.

## MRS. KEITH BROWNING'S FATHER DIES SUDDENLY

Alfred Nonnez, Prominent Cincinnati Teacher of French, Died Suddenly At Music Recital Last Night.

Cincinnati, Ohio, Nov. 10.—While listening to a concert at the Conservatory of Music last night, Prof. Alfred Nonnez, teacher of French for many years in Cincinnati schools and one of the most prominent members of the local French colony, was stricken with apoplexy and died almost instantly.

Prof. Nonnez had been conversing with friends seated near by in the audience, and they thought at first that he had fallen asleep when they saw him sitting with bowed head. Efforts to awaken him were unavailing, however, and Dr. A. R. Johnston, of 2651 Highland avenue, who was summoned, pronounced him dead. His body was taken to his home in the Navarre apartments, Gilbert avenue and Locust street.

Members of the family said last night that Prof. Nonnez had been afflicted for some time with high blood pressure and his death was attributed to apoplexy.

Born in Bordeaux, France, in 1858, Prof. Nonnez came to this country with his wife, son and daughter, about thirty-two years ago and settled in Cincinnati, and was one of the founders of the Alliance Francaise.

Prof. Nonnez was the father of Mrs. John Keith Browning, who with her husband, were here on a visit with relatives. They were advised last night and motored to Cincinnati during the night.

## TOBACCO POOL NOW HAS MORE THAN 75,000

Chief Collins Says That Number Will Be Considerably Beyond 75,000 When Contracts Are In.

Lexington, Ky., Nov. 10.—Reports from practically every county of the Burley tobacco district indicate that the membership of the Burley Tobacco Growers' Cooperative Association this year will be considerably more than 75,000, Chief William Collins, of the Field Service Division, said today.

Nearly every county exceeded the quota of new members assigned it and today the office had received reports of a total membership of 75,797, with a number of contracts yet to be accounted for and which will swell the total beyond 76,000.

As the association closed its business last fall with 55,617 members, more than 20,000 have been added since last March, when the loose leaf selling season practically closed, indicating, it was said at the office of the association, that many growers who sold their tobacco at auction last year were dissatisfied with the results and determined to market their leaf hereafter under the cooperative system.

"Contracts have been sent in from every county in the territory," said Chief Collins, in reporting that the total of 75,000 had been considerably exceeded. "The counties so well worked last year completed the job this fall and many of them are close to 100 per cent. in their sign-up. The few counties which had not been so well signed last year have been considerably strengthened and some of them have been brought into line with the best in the district."

"The work of the county chairmen and their assistants has been effective among the growers who did not sign last fall. They have been active and as devoted and enthusiastic. In many cases, as they were last fall and too much credit cannot be given them for what they have accomplished."

Wood, of Forest avenue, and has many friends here where she has frequently visited.

## FOUND DEAD IN BED.

Mr. Hutch Fryman, aged 65 years, was found dead in bed Monday morning at his home two miles west of Augusta on the Schadle farm. Heart trouble, from which he had frequently suffered was the cause of his death. Deceased, who was a good, industrious citizen leaves a wife and one daughter. Burial was at Mt. Zion Tuesday at 11 o'clock, short services being held at the grave.—Augusta Independent.

## ARMISTICE DAY PROGRAMS IN LOCAL SCHOOLS.

## ANOTHER PRISONER BARES JAIL BREAK PLOT

Following Flight Clerk Jail Prisoner Talks Proving Schumaker's Confession.

Winchester, Ky., Nov. 10.—Following a fight in a jail cell, George Warner, one of the principals, sent word to county officials that he was ready to talk about what he knew of the alleged jail plot whereby Hardman and Schumaker are said to have planned to escape.

Warner corroborated the story of John Schumaker regarding the alleged plot, county officials say. Warner held on a liquor charge, refused to talk in the court of inquiry held last Friday.

Warner swore, officials say, that he saw Hardman and Frazier filling on keys and once saw Hardman try one of the keys in a door. He said that Hardman divided his meals with Frazier.

He also revealed the existence of an alleged death pact between Hardman and Schumaker, in which it was understood, it is alleged, that should either party reveal the plans, the other would kill him.

Hardman is now confined in a cell on the first floor and Schumaker is on the second floor.

## "THE STORM."

The New York World has the following to say of "The Storm" which will be shown at the Pastime next week:

One of the greatest works of screen art of the year is "The Storm," a Universal-Jewel production at the Capitol this week. Paens of thanksgiving are due Reginald Barker, director, and the three principals of the cast of six, Virginia Vall, House Peters and Matt Moore. They have produced one of the classics of the cinema.

By her performance in "The Storm" Virginia Vall takes rank with the very first of screen actresses. House Peters as the woodsman and Matt Moore as the city friend lived their roles with the same truth that gives big life to every inch of this film.

## BRINGS IN LOAD OF TANNARD; FIRST IN MANY YEARS.

The Vanceburg Sun says: Ed McCoy has been reviving old scenes by hauling a quantity of tannard from Nashville and is shipping it to a tannard at Ashland where he receives \$22.50 a cord. What memories this bit of bark revives of the times when a hundred loads of this commodity was received here in a day. Great glants of the forest (chestnut oak), some three and four feet in diameter were felled and the bark stripped off and the body left to rot or burn. Those days are gone never to return.

BLANKETS will be the order of the night before long. Did you have yours cleaned thoroughly before you put them away? They will be sanitary and comfortable when you get them back if you send them to us now.

## SCIENTISTS TO EXPLORE BATH COUNTY TODAY

Plans Will Be Laid For the Digging For Bones of Prehistoric Animals in Ruth County.

A party of professors and students from the University of Kentucky and a number of amateur scientists from Lexington, headed by Professor A. M. Miller, of the Department of Geology, left Lexington Friday afternoon for Olympian Springs, Bath county to make a preliminary survey of the famous old salt lick there with a view to digging for bones of prehistoric animals.

Victor K. Dodge, who accompanied the university party to Wayne county the latter part of October, when a large quantity of specimens were obtained, has secured permission from the owner of the Olympian Springs hotel and other land owners in the neighborhood to dig on their lands.

Professor Miller said that this trip was more in the nature of a preliminary investigation, but that some digging might be done if conditions are found to be favorable. It is known that wild animals flocked to these springs in great numbers to lick the salt earth. The deaths from animals of prey, hunters and other causes are thought to have caused an accumulation of bones that would necessitate their being buried by the human inhabitants of the country at that time.

Professor Miller hopes that mastodon bones may be found at the salt lick. No extensive excavation has ever been done at these springs, but it is known that numerous bones of animals that antedated the discovery of America have been found in that section. Professor Miller said. There are many interesting geological formations in that section that will be made an object of study by the instructors and students. The party will return to Lexington Sunday night or Monday morning.

## LOCAL PLUMBER BADLY INJURED BY AUTOMOBILE

Automobile Goes Over Steep Embankment Running Over Mr. A. G. Cline Who Is Seriously Injured.

Mr. A. G. Cline, of Casto street, well known local plumber employed by Wood & Grigsby, was very seriously injured shortly before noon Friday when he was run over by automobile which went over a steep embankment between Fifth and Sixth streets.

Mr. Cline with Messrs. H. O. Wood and Henry Lundrigan were in Wood & Grigsby's automobile leaving the home of Mr. John Hefferman in Sixth street where they had been doing some plumbing work. The car was being backed in an effort to get it turned around. In some manner the driver of the car could not reverse it and it backed over the steep embankment between the two streets. Mr. Cline was seated in the back of the car and jumped but the machine ran over him. The other two men jumped and escaped without injury.

Mr. Cline was removed to his home where he was given medical attention. He suffered a fracture of the hip and broke several ribs. His face and head were badly cut and it was feared that he might be internally injured.

## TURKS CONSIDER RECENT VICTORY WIPES OUT LOSSES

World War Losses Repudiated by the Turks Who Are Now in Control—Serious Situation Calls British Cabinet To Meet.

London, Nov. 10.—London was cut off from communication with Constantinople today.

Rumors of serious trouble in the Near East ran unchecked. The foreign office, lacking official advice, was powerless to deny them.

The cabinet was called together to consider the situation.

The Turkish police in their arrogant assumption of authority over the allies at the straits at last has been made clear.

The Angora government demands nullifications of all "capitulations" arising from defeat of Turkish arms in the great war. It considers victory over Greece has wiped out all losses sustained by the Sultan's government.

"We are an autonomous nation," Ferid Bey, Nationalist representative at Paris, asserted in a bellicose statement. "We do not recognize any penalties incurred by the sultan's government."

When the British cabinet met it was stated that British dispatch had come through from General Harington despite cutting of cables by the Turks.

The British commander in the Near East advised the cabinet the position was serious.

British air experts were called in to answer questions about a possible military move against the Turks. Airplanes are expected to play a big part if war breaks out.

## COMMENT

Tomorrow is Armistice Day and Maysville will celebrate by closing all the banks.

The concreting of the junction of Front and Market streets is a great improvement. In fact, we believe it is the crowning achievement of the present Internal Improvement Committee of Council.

Friends and supporters of Congressman William J. Fields are assured of free garden seed for two more years unless some other Congressman from a city district kicks up another stir in Congress about squandering the public funds thusly.

Those who saw Silas Marner, George Elliott's masterpiece, in moving pictures at Beechwood Park last summer would certainly enjoy seeing it again and those who did not see it would most certainly enjoy it. The picture received so many fine compliments and there was such a general applause that we had hoped one of our local theaters would bring it back for another showing this winter.

The Maysville Boys' Bands have had an influence upon the whole city. We believe there is a greater appreciation of music in Maysville today than there was five years ago. It seems to us that there are more girls playing the piano—or, is it that we notice the playing of the piano more than we did a few years ago?

The Mason County Chapter of the Red Cross is planning for its annual membership drive. This is an organization that every one should consider an honor to belong to for not a man who wore the khaki loses an opportunity to say a good word for the Red Cross and the Salvation Army. The local chapter of the Red Cross continues to do good in our own community and it merits your support.

One of the most peculiar things in Tuesday's election was that Vic Donahay, the Democratic candidate for Governor in Ohio, should be elected and Senator Atlee Pomerene, the Democratic nominee for the United States Senate, one of the ablest men in America today, should be defeated. The Cincinnati Times-Star expresses it thus: "That Pomerene should have trailed along in the voting behind Vic Donahay is one of the preposterous things that happen occasionally in American politics."

Charles T. He was married July 1st to Rosco Parker, of New Richmond, Ohio, having lived with her since that time.

Mr. Browning was released on one thousand dollar bond at examining trial.

## WILEY IS CLEARED.

Rodman Wiley, former state highway engineer, was cleared of any criminal liability in the death of Goebel Cooper, who died shortly after being struck by Mr. Wiley's car about five miles from Lexington on the Winchester pike, in County Judge E. H. Doak's court yesterday at Lexington. Walker Bailey and Harry Carr, witnesses introduced by the Commonwealth, testified that Cooper, after getting off the Winchester bus, had started to cross the road after walking around behind the bus. He stepped in the path of the approaching car and was struck. It was said Cooper died in Mr. Wiley's car on the way to St. Joseph's hospital.

**THE PROPER COURSE**  
Information of Priceless Value to  
Every Maysville Citizen.

How to act in an emergency is knowledge of inestimable worth, and this is particularly true of the diseases and ills of the human body. If you suffer with kidney backache, urinary disorders, or any form of kidney trouble, the advice contained in the following statement should add a valuable asset to your store of knowledge. What could be more convincing proof of the efficiency of Doan's Kidney Pills than the statement of a Maysville citizen who used the same and who publicly tells of the benefit derived?

Ben P. Fleming, county constable, 228 Limestone street, Maysville, says: "I have used Doan's Kidney Pills often and on for several years when I have needed them. At times my kidneys got out of order and I suffered with a dull constant ache through the small of my back. The kidney secretions were irregular in passage. A box or so of Doan's never fails to relieve the trouble in a short time."

The above statement was given November 14, 1916, and on November 22, 1920, Mr. Fleming added: "I am glad to renew the statement I gave for Doan's some years ago as the cure they made for me has been permanent."

Price 60c., at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Fleming had. Foster-Milburn Co., Mfrs. Buffalo, N. Y.

### HOOVER MAKES PLEA FOR FUNDS FOR RED CROSS

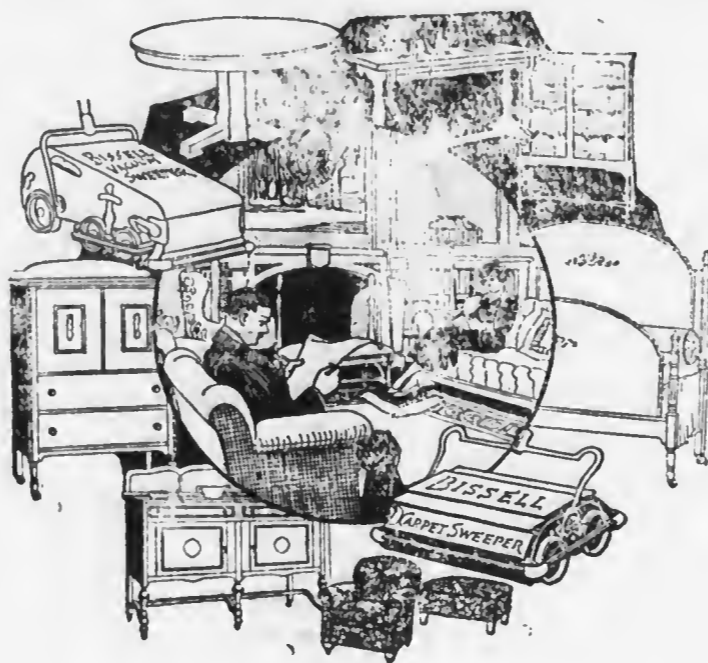

Secretary of Commerce Appeals for  
Support of the Red Cross  
Roll Call.

An appalling situation of suffering, involving hundreds of thousands of people who have been forced to flee from their homes in the Near East and to seek refuge in lands already burdened with care, has emphasized to the people of this country that the American Red Cross is our National Emergency Fund with which to meet great crises in disaster. The accentuation of the fact is the greater in that the particular calamity now appealing to humanity has fallen just in advance of the American Red Cross annual roll call.

The resources of the American Red Cross must be annually replenished through the Roll Call. This year the summons is seconded by a concrete emergency of the kind that is ever liable to be precipitated upon the world. It is impossible for the Red Cross to be dependent on a public appeal for specific objects, because when emergency and disaster face us we have no time to wait until funds can be raised. The Red Cross is our ever-ready agency for responding to the call of calamity the moment the alarm is sounded.

The American Red Cross should have a minimum membership of ten million in order that its reserves may be equal to our domestic and our foreign emergencies in humane purposes. In the light of my experience in relief work throughout the world I feel it a duty to express my personal hope that the people of America will show their confidence in their Red Cross in this Roll Call in unmistakable terms. Let's all go behind the Red Cross and give it ten million members for its great work. HERBERT HOOVER.

#### THE HOPE OF THE WORLD.

The war of 1914 laid half the nations of the world in the dust. Their homes, their industries, their peace must be restored by the rising generation. In them is the hope of the world.

To make motherhood easier, to secure for every babe a clean bill of health and a fair start in life—that is the problem.

Lydia E. Pinkham's Vegetable Compound is an excellent medicine for mothers and for future mothers. For fifty years this medicine has been used successfully in all non-surgical cases of women's diseases.

#### NUNS ARE NATURALIZED.

Covington, Ky., Nov. 9. — Twenty-five sisters of Divine Providence of Melbourne, Ky., renounced allegiance to their native land and took the oath of allegiance to the United States in the Federal court here today.

They were subjects of France and Germany.

Bloom, who was lieutenant governor during Governor James M. Cox's second term, apparently was beaten on early returns, but has now forged far ahead of his Republican opponent, William H. Chatfield, Cincinnati.
